Price: \$4.95 at Triangle Barnes and Noble

The summer reading assignment is to purchase the European History SparkChart and **study the first page** from “City-States & Dynasties, 1450-1550” to the bottom of “Wars of Religion, 1560-1650.” Be prepared for a **quiz** over this material during the first week of school.

It would be helpful to read over all the notes during the summer to give you some background setting for European History, but the focus the first week of school will be on the first page.
